A1001 - Skateboard Deterrent Kit for Flat Edge Benches and Tables

Single skateboard deterrent fits on squared edge benches or table seats. Includes one deterrent, mounting hardware and drill bit.

Material

Made from highly visible weatherproof aluminum.

Finish

Aluminum finish.

Color

See website or sales representative for color choices.

Assembly

Some assembly required. Recommended spacing between deterrents is 3' apart. Mounting hardware and drill bit included.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.
