A1012 – Seat Divider for Exposition Contour Bench

Material

The 16.43" bench seat divider is composed of 10-gauge steel and stainless steel hardware. The seat divider is designed to fit between the slot pattern and anchors underneath the bench to prevent movement.

Finish

Fade-resistant, powder coated steel components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

The prongs on the seat divider are inserted through the bench slots and anchored to the bench. Stainless steel hardware is provided.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

1-year limited structural warranty from the date of purchase. Full details of multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
