F1094 – Inground Mount Kit for Receptacles

Steel mount plate for receptacles with inground mount post

Material

The 8' square mounting plate is made of .19" thick sheet steel and is designed to bolt to the base of a 30- or 32-gallon receptacle and inground into concrete. Inground mount raises the receptacle 5.38" off of the ground.

Finish

Fade-resistant, powder coated steel components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

The mounting kit requires some assembly.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty against fading; 3-year finish warranty on powder coated steel components against rusting, peeling, chipping, cracking, mold, mildew and defects in materials and/or workmanship. See full details on multi-year warranties for components at

www.anovafurnishings.com/warranty

Designed to accommodate the following products:

- F1021D 32-Gal expanded dome receptacle
- F1021L 32-Gal expanded receptacle base
- F1021M 32-Gal expanded contour receptacle
- D1021D 32-Gal perforated dome receptacle
- D1021L 32-Gal perforated receptacle base
- D1021M 32-Gal perforated contour receptacle
- L1336D 32-Gal slotted dome receptacle
- L1336L 32-Gal slotted receptacle base
- L1336M 32-Gal slotted contour receptacle
- F3200 23-Gal expanded ash top receptacle
