Material

The ash urn is made of 11-gauge, 4" square, steel outer tube with an 8" square base plate and includes a removable, easy-to-empty steel ash tube. While in use, the ash tube is held in place with a set screw. The base plate provides a sturdy support that is portable for flexibility in placement and includes predrilled mounting holes to prevent movement or tipping. The user must provide mounting hardware. The urn is 39.69" tall.

Finish

Fade-resistant powder coated steel components feature a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

No assembly is required, the urn arrives assembled and ready for placement and use on site.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum based products.

Warranty

20-year limited structural warranty with 7-year finish warranty against fading; 3-year finish warranty on powder coated steel components against rusting, peeling, chipping, cracking, mold, mildew and defects in materials and/or workmanship. See full details on multi-year warranties for components at <https://www.anovafurnishings.com/warranty>
