**L1386— Rendezvous Planter**

**Steel slat planter with plastic liner and rubber feet.**

Plants not included.

**Material**

The planter is 23.89" tall and is composed of 12-gauge slotted steel with a .75" gap vertical slotted pattern. The planter is designed to be portable for flexibility in placement or surface mounted using pre-drilled holes inside the base to prevent movement; optional corkscrew anchor also available. The rubber feet are adjustable to assist in leveling the receptacle. The reusable plastic liner is made of high-density polyethylene.

**Finish**

Steel slats are protected by the patented Fusion Advantage™ finish. The plastisol coating has an average thickness of .125" and is encapsulated with a richly tinted, high-performance powder coating that won't rust, fade, peel, chip, crack, mold or mildew. The finish has been tested to the requirements of ASTM E1354 and determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

**Color**

See website or sales representative for color choices.

**Assembly**

The planter ships fully assembled and ready for use. Using an optional corkscrew anchor may require some assembly.

**Maintenance**

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

**Warranty**

20-year limited structural warranty with 7-year finish warranty from the date of purchase. See full details on multi-year warranties for components at [www.anovafurnishings.com/warranty.aspx](http://www.anovafurnishings.com/warranty.aspx).

**Replacement Parts**

Black Plastic Liner R-DOM3200

**Accessories**

Corkscrew Anchor A1020
