LBR5PVCSURF — Streetside 3-Loop Bike Rack with 5-Bike Capacity, Fusion Advantage Finish and Surface Mount

Three-loop steel tubular bike rack with five-bike capacity, Fusion Advantage finish and surface mount

Material

The bike rack is 39.38" wide and can accommodate five bicycles. A bicycle can be parked within each of the upper and lower loops plus on the outside of each leg. The rack is made from 2.38" O.D. x 11-gauge wall steel tubing. Each leg features a 5" diameter mounting plate with predrilled holes for easy surface mounting. Mounting hardware is not included.

Finish

Bike rack is protected by the patented Fusion Advantage™ finish. The plastisol coating has an average thickness of .125" and is encapsulated with a richly tinted, high performance powder coating that won't rust, fade, peel, chip, crack, mold or mildew. The finish has been tested to the requirements of ASTM E1354 and determined to be in compliance with California Uniform Fire Code 1103.2.1.4.2.

Color

See website or sales representative for color choices.

Assembly

Bike rack requires no assembly except for the surface mounting.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty from the date of purchase. See full details
