## PLS30H - Recycled Plastic 30 Gal Slat Receptacle, Push Door Top

30-gallon recycled resin slat receptacle with polyethylene push door top and plastic liner.

### Material

The 30-gallon receptacle is composed of recycled, .5" x 2.5", plastic slats which are riveted to three inner steel bands for maximum support. The natural colored slats never need refinishing. The receptacle features a vacuum formed high-density polyethylene push-door top with embossed "THANK YOU" message. The top lifts off for easy waste disposal. The receptacle top also includes a 14" web security strap.

The reusable liner is made of a black high-density polyethylene. The receptacle is designed to be portable, allowing for flexibility in placement.

### Finish

The recycled resin slats never need painting or staining throughout the receptacle's life.

### Color

See website or sales representative for color choices.

### Assembly

The receptacle ships fully assembled and ready for use.

### Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a mild detergent and water solution to remove surface dirt. Do not clean with solvent or petroleum base products.

### Warranty

20-year limited structural warranty on recycled plastic from the date of purchase. See full details on multi-year warranties for components at [www.anovafurnishings.com/warranty.aspx](http://www.anovafurnishings.com/warranty.aspx).

### Replacement Parts

Black Plastic Liner R-PCS30LNR
