PLS30R - Recycled Plastic 30 Gal Slat Receptacle, Recycler Top

30-gallon recycled resin slat receptacle with polyethylene recycler top and plastic liner.

Material

The 30-gallon receptacle is composed of recycled, .5" x 2.5", plastic slats which are riveted to three inner steel bands for maximum support. The natural colored slats never need refinishing. The receptacle features a vacuum formed high-density polyethylene recycling top with a 5" diameter opening. The recycling top is available with decals specifying "TRASH" or "PAPER" or "BOTTLES/CANS" or with no decal. The top lifts off for easy waste disposal. The receptacle top also includes a 14" web security strap.

The reusable liner is made of a black high-density polyethylene. The receptacle is designed to be portable, allowing for flexibility in placement.

Finish

The recycled resin slats never need painting or staining throughout the receptacle's life.

Color

See website or sales representative for color choices.

Assembly

The receptacle ships fully assembled and ready for use.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a mild detergent and water solution to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty on recycled plastic from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
