

T2237T – Tuscany 36” Thermory® Bistro Table

36” Square bistro table with Thermory planks and steel frame and legs

Material

The table is composed of 0.75” x 3.5” Thermory table top planks with 14-gauge steel frame and legs. Table features a square table top that is available with an optional 1.64” diameter umbrella hole in the center.

The table frame and legs are made of square tubular steel; legs feature levelers to adjust for uneven surfaces.

Low-maintenance Thermory is made from thermally-modified North American White Ash—a sustainably-harvested and renewable temperate hardwood. It is an environmentally-friendly hardwood and a great alternative to commonly used tropical rainforest hardwoods because of its dimensional stability and Class 1 durability (25+ years). Thermory has a lower carbon footprint than tropical hardwoods.

Finish

Fade-resistant, powder coated steel frame features a state-of-the-art primer proven to prevent rusting. Treated components exceed the industry standard by 34% in testing by independent sources.

Thermory is a lustrous chocolate brown color when new and will naturally age to uniform silver/gray over time. The color-changing process begins immediately and varies with the amount of UV-exposure.

Color

See website or sales representative for color choices.

Assembly

The table requires some assembly. The table top ships pre-assembled. Stainless steel assembly hardware is included.

Maintenance

Clean with mild soap and water. Let dry thoroughly. To maintain original color, regularly apply standard deck oil, such as Cutek® Extreme Wood Protection Oil.

Warranty

10-year limited structural warranty from the date of purchase. See full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
