TAN3486P - Tandem 12' Contour Bench w/Center Armrest, Perspective

12' perforated steel segmented contour bench with moiré pattern and cast aluminum legs.

Material

Patterned in collaboration with landscape architects, the Tandem bench delivers cutting edge design. Bench seat and back laser cuts are inspired by a shimmering moiré pattern. The 12' segmented contour bench is composed of 10-gauge perforated steel panels with cast aluminum legs. Each bench seat is 67.87" long and will support 200 lbs. per linear foot.

The bench is designed to be portable for flexibility in placement or surface mounted using pre-drilled .50" diameter holes in the feet to prevent movement. **Includes surface mount anchor kit.**

Finish

Rust-proof aluminum and rust-resistant primed steel components feature a fade-resistant powder coating. Treated components exceed the industry standard by 34% in testing by independent sources.

Color

See website or sales representative for color choices.

Assembly

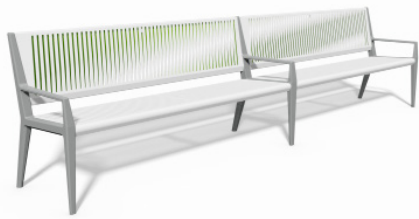

The bench requires some assembly. Stainless steel assembly hardware is included.

Maintenance

The product is virtually maintenance-free and requires only periodic cleaning with a sponge and a solution of mild detergent and water to remove surface dirt. Do not clean with solvent or petroleum base products.

Warranty

20-year limited structural warranty with 7-year finish warranty against fading; 3-year finish warranty on powder coated metal components against rusting, peeling, chipping, cracking, mold and mildew from the date of purchase. Full details on multi-year warranties for components at www.anovafurnishings.com/warranty.aspx.
